

KALDEWEI

CALIMA

With SOLIDLITE™ technology – modern design and practical functionality

KALDEWEI CALIMA made of SOLIDLITE™ is the innovative shower surface for modern bathrooms. Equipped with INVISIBLE GRIP as standard, it offers maximum showering comfort and impresses with its elegant finish. It can be installed floor-level or almost floor-level in modern bathrooms.

KALDEWEI CALIMA –
THE SHOWER SURFACE THAT
INSPIRES END CUSTOMERS
AND PROVIDES OPTIMUM
SUPPORT FOR TRADE
PROFESSIONALS.

- Accessible from three sides without thresholds and with INVISIBLE GRIP as standard for safe, barrier-free showering
- Flat waste cover outside the footprint and distinctive retaining edge towards the rim for safe water drainage
- Tight radii and precise edges emphasise the contemporary design
- 44 dimensions from 70 to 180 cm side length and five elegant colours for maximum flexibility

Also suitable for almost floor-level installation thanks to its low installation height. Easy installation on screed or any other floor covering.

KALDEWEI CALIMA WITH SOLIDLITE™ TECHNOLOGY: DEVELOPED FOR TRADE PROFESSIONALS, MADE FOR THE CONSTRUCTION SITE.

- **Robustness and dimensional stability** – maximum reliability, even under demanding installation conditions
- **Up to 30 per cent lighter** than mineral casting or composite materials – makes transport, handling and installation easier
- **Class C slip resistance** – maximum safety as standard thanks to INVISIBLE GRIP
- **Sound-insulating** – for a quiet, pleasant shower experience
- **Sustainable & recyclable** – Made from 100 per cent sustainable materials
- **Can be cut at the factory** – adapts flexibly to any installation situation*
